UF1	User Fee: A subtotal is determined by adding up the all the line items fees (and applicable discounts) for all the products of a given purchase. Based on this subtotal, and based on the number of users, a 5% Per User fee is then added to the Subtotal to determine the Total Price for the customer.		

Notes

- 1) MSRP is an annual recurring fee due in advance of each year of service
- 2) The MSRP price is for the first year. Subsequent years increase according to the national CPI rate of inflation.
- 3) All prices are per Inspect2go Master Service Agreement
- 4) All Texas DIR projects receive a 10% discount off the MSRP
